

2 IMPORTANT TASKS to COMPLETE:

TASK 1:

READ! You must read (or be read to) for just over 700 minutes during summer break. That averages to just 15 mins per day, 5 days per week. Use our reading tracking sheet to record your progress. This **MUST** be turned in! You can provide proof of completion of your local library reading program as a substitute for our tracking sheet if you'd like.

TASK 2:

You must complete a summer enrichment program. This part of the challenge is flexible to meet each student's needs. This task is accomplished by completing a Summer Solutions workbook, summer bridge book, the summer enrichment on our Holy Cross website, or a packet your teacher sends home!
